Chemistry Boosters™ Earth Science Boosters™ Living Environment Boosters™ Global Boosters™

GREAT FOR TEACHERS:

- Provides instructional strategies to enhance the teacher's ability to teach the curriculum effectively
- Provides teachers with innovative hints, analogies, and diagrams that ease the presentation of difficult concepts
- Helps teachers reach students with different learning styles

GREAT FOR STUDENTS:

- Student friendly: attractive formatting, color-coded units, easy-to-understand vocabulary, loads of graphics
- Uses advanced memory-aid techniques to help students retain information
- Includes hints, acronyms, associations, and visual aids
- Small and easy-to-transfer cards make review simple and convenient for school and home study
- Minimal text, maximum information makes *Regents Boosters™* great for weak or ELL students

Each box of *Regents Boosters™* cards includes a deck of double-sided color-coded 3 x 5 cards.

My students feel that Regents Boosters™ is an invaluable study aid to help prepare them for the Regents.
—Principal of YFR

TAKE A GLANCE AT REGENTS BOOSTERS™

Front of Card

Diffusion & Osmosis

Diffusion & Osmosis: The processes by which molecules move from an area of high concentration to an area of low concentration.

Back of Card

Diffusion & Osmosis: The processes by which molecules move from an area of high concentration to an area of low concentration.

No energy is used in diffusion and osmosis.

This is a common Regents question.

No one likes to be in a crowded place. Therefore, the molecules move to a less crowded place.

THE REGENTS PREP YOUR STUDENTS NEED

Join the thousands of Regents Boosters™ fans who boosted their scores dramatically with Regents Boosters™.

The cards clarified and simplified so many hard-to-understand concepts. I would never have passed without Regents Boosters™.

D.Y.H., Student

As a Regents tutor for years, I have yet to see a Regents review that the kids love until Regents Boosters™ came along. These cards are brilliant!

—Mr. K, Regents tutor
